## CHANGING YOUR ADDRESS

If you are a registered voter in Sullivan County and you have changed your legal residence, you must provide a current residential address prior to voting. You may update your address when appearing to vote; however, waiting to do so at a polling location will increase the time required to cast your ballot. This delay can be avoided by updating your address at your earliest convenience via mail, email, or fax. **It is important to note that if you are not currently registered to vote in SULLIVAN COUNTY you must timely file a completed voter registration application.**

In order to update your address the law requires that you submit your name, old address, new address, signature, and date. This information must be provided on a single printable document and can be submitted via mail, email, or fax. If you have a smart phone, tablet, or similar device, the simplest way to submit this information is taking a picture of the document providing all of the required information and attaching it to an email.
