

REGISTERED VOTER ADDRESS CHANGE

State law requires that all voters provide a current residential address when applying to vote. To expedite the voting process a change in address should be submitted prior to applying to vote. Failure to provide a current address when voting is a Class D Felony.

A change of address can be completed by submitting a new voter registration online or mailing, emailing, or in office delivery of the form provided below. A link for online registration is provided at scelect.org.
