

# SULLIVAN COUNTY ELECTION COMMISSION

## COVID-19 RESPONSE

It is the mission of the Sullivan County Election Commission to conduct accurate, fair, and honest elections in a manner that exceeds expectations. We have implemented many new procedures to ensure that we continue to uphold that mission as we mitigate the many concerns that have developed as a result of COVID-19. These new procedures include:

- All election officials are required to wear a mask and/or a face shield.
- All election officials will answer health screening questions.
- Voting machines and surfaces will be cleaned throughout each day of voting.
- Single use ink pens will be provided to each voter.
- Distancing markers will be in place to encourage distancing.
- Hand sanitizer will be available in all polling locations.
- Signs will be posted encouraging voters to practice distancing and requesting that voters not enter a voting location if they are or they have come in contact with someone who is symptomatic, being tested, or tested positive for COVID-19.

**WE ENCOURAGE VOTERS TO DO THE FOLLOWING WHEN APPEARING TO VOTE**

**WEAR A FACE MASK**  
**PRACTICE SOCIAL DISTANCING**  
**BRING YOUR OWN HAND SANITIZER**  
**BRING YOUR OWN INK PEN**

**WE ENCOURAGE VOTERS TO DO THE FOLLOWING PRIOR TO APPEARING TO VOTE**

1. Confirm that the address on your registration is current by using the voter lookup tool on our website. If your address is not current, please submit an address change form as soon as possible. Voters who have not updated their address prior to casting their ballot will be unnecessarily delayed and most likely be required to travel to another voting location when voting on Election Day.

**[VOTER LOOKUP TOOL](#)**

**[ADDRESS CHANGE FORM](#)**

2. Make every effort to choose one of the fourteen (14) days of Early Voting to cast your ballot. The chance that you will wait to cast your ballot decreases significantly during Early Voting.

**[EARLY VOTING SCHEDULE](#)**

3. Review the sample ballot prior to your arrival at the polling location.
4. If you choose to vote on Election Day make certain you know your assigned voting location. This can be determined by using the Voter Lookup Tool. During Early Voting the law permits a voter to appear at any of the three (3) Early Voting locations; however, on Election Day the law requires voters to cast their ballot at their assigned Election Day voting location.
